INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Louisiana Guardianship Services, Inc.

I have audited the accompanying statements of financial position of the Louisiana Guardianship Services, Inc. (the Company) (a nonprofit organization) as of June 30, 2010 and 2009, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provided a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Louisiana Guardianship Services, Inc. as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated November 30, 2010, on my consideration of Louisiana Guardianship Services, Inc.'s internal control over financial reporting and my test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of my audits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards FASB ASC 958 (formerly SFAS No. 117), *Not-For-Profit Entities*. Under Topic 958, net assets, revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Company and changes therein are classified and reported as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets - Net assets that are subject to donor-imposed stipulations that may or will be met by actions of the Company. These restrictions are considered to expire when payments for restricted purposes are met.

Permanently Restricted Net Assets - Net assets that are subject to donor-imposed stipulations that the principal not be expended, but rather invested to provide a permanent source of income for the Company.

New Accounting Pronouncements - In June 2009, the Financial Accounting Standards Board ("FASB") issued FASB ASC 105, *Generally Accepted Accounting Principles*, which establishes the FASB Accounting Standards Codification (FASB ASC), as the sole source of authoritative generally accepted accounting principles. Pursuant to the provisions of Topic 105, the Company has updated references to GAAP in its financial statements issued for the year ended June 30, 2010. The adoption of Topic 105 did not impact the Company's financial statements.

FASB ASC 740-10 (formerly, FASB Interpretation No. 48, *Accounting for Uncertain Tax Positions*), provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statements. Effective July 1, 2009, LGSI adopted the disclosure requirements of this standard. The adoption of the disclosure requirements of this standard had no material effect on the Company's financial statements. Tax years ended June 30, 2007 and later remain subject to examination by the taxing authorities.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events- Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through November 30, 2010, which is the date the financial statements were available to be issued.

Contributions - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Cash and cash equivalents - For purposes of the statement of cash flows, the Company considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

The Company maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

Fixed assets - All expenditures for leasehold improvements and equipment are capitalized.

Depreciation on leasehold improvements is provided by using the straight-line method over the estimated life of 10 years. Depreciation on equipment is provided by using the straight-line and the declining-balance method over the estimated useful lives of 5 to 7 years.

Income taxes - The Company is a non-profit corporation organized under the laws of the State of Louisiana. It is exempt from Federal income tax under Section 501(c) (3) of the Internal Revenue Code of 1986, and qualifies as an organization that is not a private foundation as defined in Section 509(a) of the Code. It is exempt from Louisiana income tax under the authority of R.S. 47:121(5).

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Vested Annual Leave Benefits - Employees are entitled to paid vacations after six months of employment. Vacation time in excess of 160 hours cannot be accrued. Terminated employees will be paid for unused vacation leave if employed in excess of six months.

Vested annual leave benefits are accrued and recorded as a liability when such compensated absences become non-forfeitable. These amounts are not charged as program expenses of Federal government grants or agency contracts, and are treated as non-allowed costs, until they are paid.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Sick leave accrues at eight hours per month, or ninety-six hours per year. There is no maximum accumulated sick leave. Sick leave does not vest with the employee and, therefore, is forfeited upon termination.

NOTE 3 - GRANTS AND CONTRACTS FOR SERVICES RECEIVABLE

The Company has incurred expenses on contracts open at June 30, 2010 and 2009, in excess of contract fees for services received at that date. A receivable has been recorded on these contracts for the excess expenses.

	<u>2010</u>	<u>2009</u>
State of Louisiana Office of Disability Affairs	\$ 51,240	\$ 51,240
State of Louisiana Office of Elderly Affairs	<u>4,193</u>	<u>4,193</u>
	<u>\$ 55,433</u>	<u>\$ 55,433</u>

NOTE 4 - PROPERTY, FURNITURE, AND EQUIPMENT

Property, furniture, and equipment represent acquisitions of tangible personal property by funds provided to the Company by a Federal government grant, a contract for services by an agency funded by the State of Louisiana, or by unrestricted funds of the Company. The Company has the right to use these assets in the programs for which they were acquired.

The U.S. Department of Health and Human Services (DHHS), and the State of Louisiana retain an equitable interest in these capital assets which must be used for the 10specified program for which they were acquired. DHHS and the State of Louisiana retain the right to require transfer of the assets back to the Federal or State governments, but this is normally exercised only if the program for which the assets were acquired would be transferred from one grantee to another.

NOTE 4 - PROPERTY, FURNITURE, AND EQUIPMENT (CONTINUED)

Property, furniture, and equipment consisted of the following at June 30, 2010 and 2009:

	<u>2010</u>	<u>2009</u>

The funds in the bank account are the property of the client.

NOTE 7 - BANK LINE OF CREDIT

The Company has a bank line of credit which provides short-term borrowings up to \$20,000. Interest and principle on advances is payable monthly at the prime rate plus 2%. The outstanding balance is \$ 0 as of June 30, 2010.

NOTE 8- TEMPORARY RESTRICTIONS ON ASSETS

Temporary restricted net assets are restricted by donors for specific purposes or designated for subsequent periods. At June 30, 2010 and 2009 temporarily restricted net assets are available for the following purposes or periods:

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors,
Louisiana Guardianship Services, Inc.

I have audited the financial statements of Louisiana Guardianship Services, Inc. (the Company) (a nonprofit organization) as of and for the year ended June 30, 2010, and have issued my report there on dated November 30, 2010. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Company's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my test disclosed of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and responses as items 2010-1 and 2010-2.

The Company's response to the findings identified in my audit is described in the accompanying schedule of findings and responses. I did not audit the Company's response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of management, the Board of Directors, the State of Louisiana, the Legislative Auditor for the State of Louisiana, and the federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND RESPONSES

For the Year Ended June 30, 2010

I have audited the financial statements of Louisiana Guardianship Services Inc. (the Company) as of and for the year ended June 30, 2010, and have issued our report thereon dated November 30, 2010. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by *Comptroller General of the United States*. My audit of the financial statements as of June 30, 2010, resulted in an unqualified opinion.

Section I Summary of Auditor's Reports

a. Report on Internal Control and Compliance Material to the Financial Statements

Internal Control

Material Weaknesses – None

Significant Deficiencies – Yes

Compliance

Compliance Material to Financial Statements – No

Compliance Immaterial to Financial Statements – Yes

2010-1 Findings: As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting journal entries and to prepare their annual financial statements. This condition is intentional by management based upon the Company's financial complexity, along with the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls.

Recommendation: As mentioned above, whether or not it would be cost effective to cure a control deficiency is not a factor in applying reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies an auditor reports. In this case I do not believe that curing the significant deficiency described above would be cost effective or practical and accordingly do not believe any corrective action is necessary.

Management's Response: I concur with the audit finding.

SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)

For the Year Ended June 30, 2010

2010-2 Findings: My examination disclosed there is lack of segregation of duties within the organization. This weakness is due to the fact that the organization has a very small staff. Due to the lack of segregation of duties, possible errors or irregularities could occur in the accounting records and not be detected. Understandably, since the organization has such a small staff, the most ideal system of internal control or the most desirable accounting system may not be practicable. Also the cost of hiring additional employees to handle separate aspects of the accounting function might exceed any benefits gained.

Recommendation: Based upon the cost-benefit of hiring additional accounting personnel, it may not be feasible to achieve complete segregation of duties. I recommend that the organization's finance committee and executive director continue to closely monitor all records and transactions.

Management's Response: The Company's executive director and board concur with the recommendation.

Internal Control

Compliance Material to Financial Statements – No

Compliance Immaterial to Financial Statements – Yes

2009-1 Findings: As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting journal entries and to prepare their annual financial statements. This condition is intentional by management based upon the Company's financial complexity, along with the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls.

Recently issued Statement on Auditing Standards (SAS) 112 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are adequately mitigated with nonaudit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Recommendation: As mentioned above, whether or not it would be cost effective to cure a control deficiency is not a factor in applying SAS 112's reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies an auditor reports under SAS 112. In this case we do not believe that curing the significant deficiency described above would be cost effective or practical and accordingly do not believe any corrective action is necessary.

Management's Response: We concur with the audit finding.
